One lighting solution for all battery packs

// SCANGRIP is proud to present a complete range of outstanding and one-of-a-kind work lights compatible with all 18 V/20 V battery packs from leading power tool brands worldwide.

- Work lights compatible with 18 V/20 V battery packs from all leading power tool brands
- Smart connector with BATTERY SAFETY SYSTEM
- Extremely powerful illumination and high durability

JUST CONNECT

One lighting solution for all
18 V/20 V battery packs with
the SCANGRIP CONNECTOR

With the unique SCANGRIP CONNECT concept, you have complete freedom to choose the SCANGRIP work light that fits your needs regardless of brand preference.

A new invented smart CONNECTOR is designed for each power tool brand. Simply mount the CONNECTOR to the work light, attach your battery and you are ready to work. A BATTERY SAFETY SYSTEM protects the battery pack and makes it safe to use.

The SCANGRIP CONNECT range is designed for the demanding professional user and provides the latest COB LED technology, extremely flexible design and high durability. A ground-breaking lighting solution never seen before!

// Maximal freedom

The SCANGRIP CONNECT range is compatible with the METABO/CAS battery system* and all other 18 V/20 V battery packs from leading power tools brands. With stands and suspensions available, the work lights can be placed anywhere you need efficient lighting offering complete flexibility at the worksite.

Use your 18 V/20 V battery pack for SCANGRIP CONNECT work lights

An integrated battery backup function prevents you from being without light at any time

(Applies to NOVA 4 CONNECT, NOVA 10 CONNECT and AREA 10 CONNECT)

*Compatible with **METABO / CAS** battery system

For METABO / CAS no connector is required

SMART CONNECTOR

ORIGINAL
SCANGRIP
SINCE 1906

// SCANGRIP has developed a unique CONNECTOR for each individual power tool brand that fits 18 V/20 V battery packs. Simply mount the CONNECTOR to the work light, attach your battery and you are ready to work.

BATTERY SAFETY SYSTEM

- Automatic discharge protection
- Overload protection
- Temperature surveillance
- Approved by TÜV Rheinland

The BATTERY SAFETY SYSTEM protects the battery pack and makes it safe to use. The safety system features an automatic discharge protection, overload protection and temperature surveillance which means you can use your 18 V/20 V battery pack again and again without damaging it.

The SCANGRIP CONNECTORS are approved by TÜV Rheinland. Each CONNECTOR is sold under separate item numbers and individually designed to fit each power tool brand.

// Portable work light

NOVA 2 CONNECT features the latest high-performance COB LED technology and provides up to 2000 lumen. The built-in light dimmer function makes it possible to adjust the light into five different steps according to the work task. It is also supplied with display for battery capacity and lumen output level.

NOVA 2 CONNECT is compatible with METABO / CAS battery system 18 V and all other 18 V/20 V battery packs from leading power tool brands by using the SCANGRIP CONNECTOR.

Due to the flexible stand and built-in hook, NOVA 2 CONNECT can be placed in different positions to obtain the desired lighting angle.

The housing is made of sturdy die-casted aluminum and resistant to strokes, shocks and vibrations. The durable construction makes NOVA 2 CONNECT perfect for the demanding, rough working environment.

As an extra feature, it has a built-in powerbank with USB outlet to charge mobile devices.

STANDS and SUSPENSIONS

// Designed for direct mounting of the NOVA CONNECT and AREA CONNECT

// High stability tripod

The SCANGRIP TRIPOD is indispensable for stationary positioning of the work light for illumination in a specific working area. The SCANGRIP TRIPOD is extendable from only 1.35 m up to 3 m which gives you complete flexibility to position the light in the requested height.

The stable construction of the SCANGRIP TRIPOD 3M makes it safe even when fully extended. It is supplied with anchor points that provide an opportunity for extra stability if the tripod is exposed to strong wind or standing on an uneven surface. To increase safety when in use, the cable of the lamp can be fixed in the safety clips placed on each separate leg.

// Wheel stand for mobile positioning

The SCANGRIP WHEEL STAND makes it easy to move the light to where you need it, and at the same time you avoid uncomfortable and heavy lifting from one workplace to the other. It is upgraded with a new base which is equipped with 5 wheels for improved safety and stability and easy maneuverability.

As an additional feature, it now comes with a flexible bracket that enables you to easily position a second work light to illuminate from below. The extra mounting bracket is adjustable in the height and provides complete flexibility to position the light in the optimum height.

Up to 1.9m

WHEEL STAND

03.5682

// Suspensions for flexible positioning

// SCANGRIP is Europe's leading manufacturer of work lights for professionals providing the strongest and most comprehensive ranges of work lights with the latest LED lighting technology available on the market.

SCANGRIP is innovation from Denmark and receives strong recognition in the marketplace for its product design, and the products are known for their high quality.

SCANGRIP strives for perfection, and is continuously optimizing and improving light output, battery capacity, design and ergonomics, durability, user-friendliness, and functionality. The aim is to set new standards for professional work lights.

SCANGRIP was established in 1906 and has a long, impressive history of manufacturing high-quality hand tools and work lights for the industrial, construction, and automotive sectors.

SCANGRIP is part of Hultafors Group - a global company offering a unique portfolio of premium brands within personal protection, tools, and other equipment for discerning craftsmen. Together, we are on a mission to create a better day for professional users.
